and

,

or a stereoisomer or pharmaceutically acceptable salt thereof.

2. A compound selected from:

and

,

or a stereoisomer or pharmaceutically acceptable salt thereof.

3. A pharmaceutical composition comprising a compound, or a stereoisomer or pharmaceutically acceptable salt thereof, according to claim 1 or claim 2, and a pharmaceutically-acceptable excipient.

4. Use of a compound, or a stereoisomer or pharmaceutically acceptable salt thereof, according to claim 1 or claim 2, for the manufacture of a medicament for the therapeutic treatment of hypertension or prehypertension.

5. Use of a compound, or a stereoisomer or pharmaceutically acceptable salt thereof, according to claim 1 or claim 2, for the manufacture of a medicament for the prophylactic treatment of myocardial fibrosis.

6. Use of a compound, or a stereoisomer or pharmaceutically acceptable salt thereof, according to claim 1 or claim 2, for the manufacture of a medicament for the therapeutic treatment of myocardial fibrosis.

7. Use of a compound, or a stereoisomer or pharmaceutically acceptable salt thereof, according to claim 1 or claim 2, for the manufacture of a medicament for the therapeutic treatment of hypertension and myocardial fibrosis.

8. Use of a compound, or a stereoisomer or pharmaceutically acceptable salt thereof, according to claim 1 or claim 2, for the manufacture of a medicament for the treatment of prehypertension and myocardial fibrosis.
