(54) Title: PAYMENT METHOD, USER TERMINAL, APPARATUS, DEVICE, SYSTEM, AND MEDIUM

(54) 发明名称: 支付方法、用户终端、装置、设备、系统及介质

S201 When payment is triggered by an e-commerce application program, call a first SDK to interact with a whole-network payment platform to obtain a first host program list
S202 When a target host program is determined from the first host program list by calling the first SDK, the user terminal calls the target host program
S203 The user terminal calls, by means of the target host program, a second SDK to interact with the whole-network payment platform
S204 The whole-network payment platform interacts with the host program platform
S205 The host program platform performs resource deduction from a target card to complete payment by the target card
AA User terminal
BB Host program platform
CC Whole-network payment platform

(57) Abstract: The present application relates to the field of data processing, and discloses a payment method, a user terminal, an apparatus, a device, a system, and a medium. The method comprises: when payment is triggered by an e-commerce application program, calling a first SDK to obtain a first host program list from a whole-network payment platform, wherein the first host program list comprises host program identifiers of at least some host programs supported by the whole-network payment platform; when a target host program is determined from the first host program list by calling the first SDK, calling the target host program, and calling, by

means of the target host program, a second SDK to interact with the whole-network payment platform, so that the whole-network payment platform interacts with the host program platform to complete payment by a target card, the target card being a resource card bound to the target host program.

(57) 摘要: 本申请公开了一种支付方法、用户终端、装置、设备、系统及介质, 属于数据处理领域。该方法包括: 在电子商务应用程序触发支付的情况下, 调用第一SDK从全网支付平台获取第一宿主程序列表, 第一宿主程序列表包括全网支付平台支持的至少部分宿主程序的宿主程序标识; 在调用第一SDK在第一宿主程序列表中确定目标宿主程序的情况下, 调起目标宿主程序; 通过目标宿主程序调用第二SDK与全网支付平台交互, 以使全网支付平台与宿主程序平台交互, 完成目标卡的支付, 目标卡为与目标宿主程序绑定的一张资源卡。
