

ABSTRACT

PARKING DISPLAY ASSEMBLY FOR USE IN AN ELECTRONIC VEHICLE PARKING MANAGEMENT SYSTEM

A parking display assembly (1, 1A) for use in a carpark including;
a housing (3, 19) including at least one display panel (5); and
at least one e-paper screen (7) mounted on a said display panel, the e-paper screen
displaying parking information provided by an electronic vehicle parking
management system of the carpark;
wherein the display assembly is mountable at or adjacent a parking lot of the carpark,
and the e-paper screen is adapted to display parking information relevant to that
parking lot.
