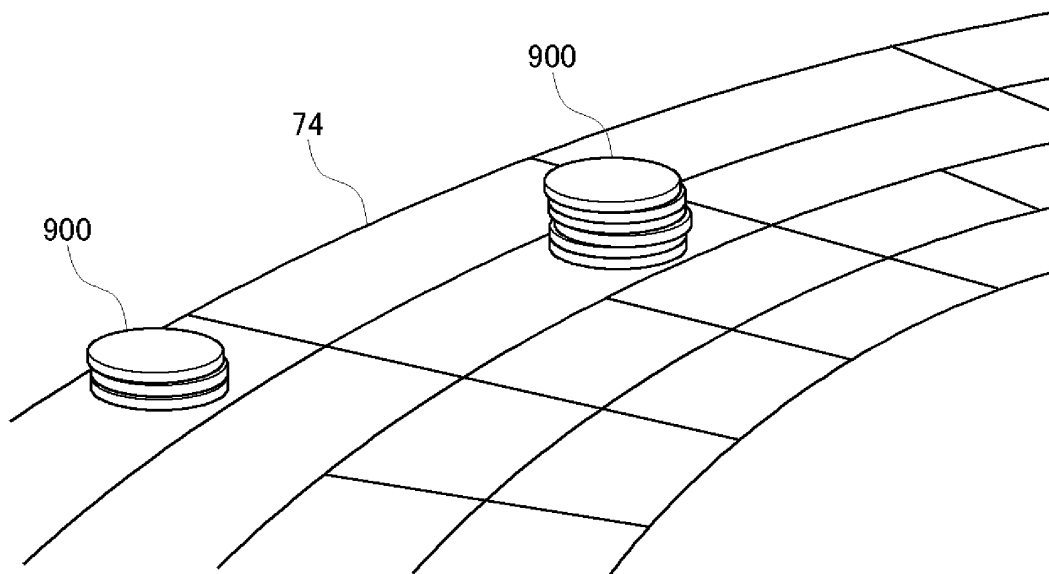

Diagram illustrating a game table layout, likely for a card game, showing player positions and betting areas.

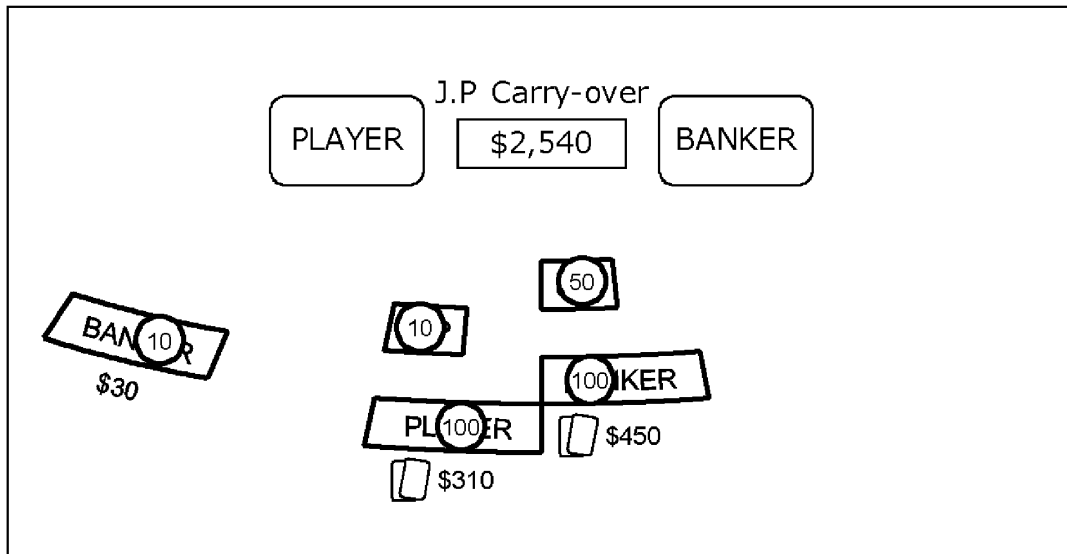

The table is divided into six numbered sections (1 through 6), each representing a player's position. Each section contains three rows of betting areas:

- Row 1: J.P. (J.P. Carry-over), TIE, J.P., TIE, J.P., TIE, J.P., TIE, J.P., TIE, J.P., TIE
- Row 2: P.P., B.P., P.P., B.P., P.P., B.P., P.P., B.P., P.P., B.P., P.P., B.P.
- Row 3: BANKER, BANKER, BANKER, BANKER, BANKER, BANKER, BANKER, BANKER, BANKER, BANKER, BANKER, BANKER

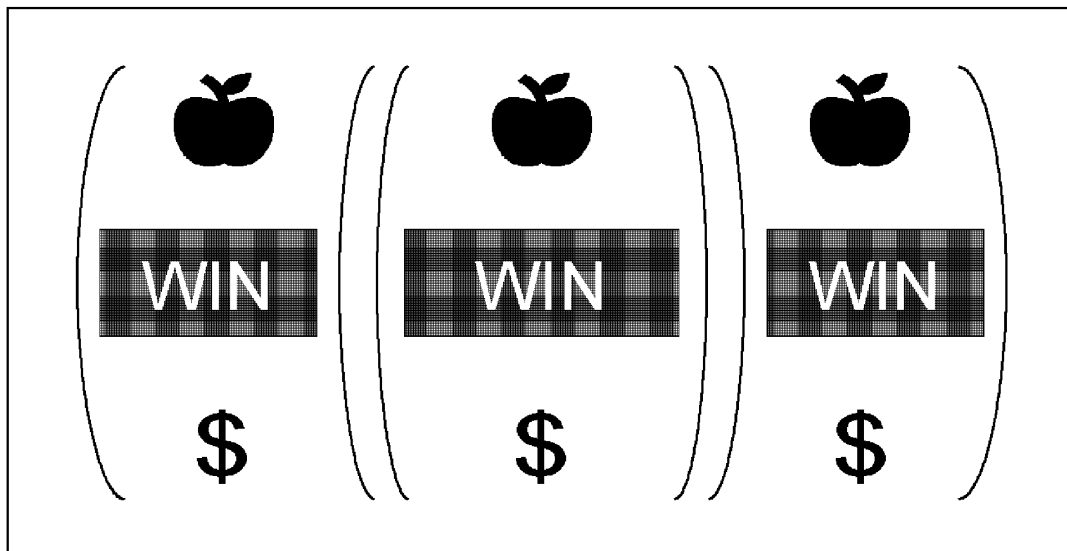

Below the table, the positions are labeled 1 through 6. A central area shows a "J.P. Carry-over" of \$2,540 and a "BANKER" position. A "100" chip is shown on the table, and a "\$300" chip is shown below it. A "900" chip is shown below the "\$300" chip. A "75" chip is shown below the "900" chip. A "76" chip is shown below the "75" chip. A "73" chip is shown below the "76" chip. A "72" chip is shown below the "73" chip. A "74" chip is shown below the "72" chip. A "111" chip is shown below the "74" chip.
