NEW Bill Payment Features

Learn about the enhanced bill payment features. Funds for two-day payments are withdrawn when your payment is received by your payee. Funds for five-day payments are withdrawn when the bill payment check clears your account. Many payees take up to 7 business days to process a bill payment check. To ensure the fastest delivery of your payment, please review the name and mailing address for payees that require 5 processing days for payment delivery.

For merging clients

You can access your personal online banking history and business online banking history (via inquiry only mode) through October 1.
