

ABSTRACT**ACCESSORY COATABLE WITH NAIL POLISH**

5 An accessory coatable with nail polish which is at least one selected from the
group consisting of a finger ring, a pendant head, a clip earring, a earring for a
pierced ear, a bracelet and an anklet has at least one pattern surrounded by a closed
line at a position which is outstanding when worn, the pattern being partitioned from
a base metal by a gently-sloping concave, and the operative of applying the nail
polish onto the inside of said pattern or removing it being repeatable, thereby making
10 it possible to arrange on the accessory the pattern having a color identical or
consistent with that of nail polish applied onto nails to enjoy color-coordinated
personal adornment.
