

**CRYSTALLINE PEPTIDE EPOXY KETONE PROTEASE INHIBITORS AND
THE SYNTHESIS OF AMINO ACID KETO-EPOXIDES**

5 **ABSTRACT**

10 The invention relates to crystalline peptide keto epoxide compounds, methods of
their preparation, and related pharmaceutical compositions. This invention also relates to
methods for the preparation of amino acid keto-epoxides. Specifically, allylic ketones are
stereoselectively converted to the desired keto epoxides.
