(54) FALSE EYEBROWS

(71) I, MARIE ORLENA MILLER a Citizen of the United States of America of 4615 A Parkway, Sacramento, California 95823, United States of America, do hereby declare the invention for which I pray that a patent may be granted to me, and the method by which it is to be performed to be particularly described in and by the following statement:—

10 The present invention relates to false eyebrows adapted to be attached on bare skin or as a covering for natural eyebrows.

According to the invention a false eyebrow for covering a natural eyebrow or replacing same when no hair is present comprises a flexible panel having hair secured to one face thereof and pressure sensitive adhesive coated on the other face thereof to secure the panel to the hair of a natural eyebrow or to bare skin.

An embodiment of the invention will be described by way of examples, reference being made to the drawings in which:

Figure 1 is an elevational view of an example shown attached to the face of a user;

Figure 2 is an elevational view of the face of a user showing the position of the false eyebrows of Figure 1 above the eye;

Figure 3 is a front elevational view of a false eyebrow;

Figure 4 is a top plan view of the example of Figure 3;

Figure 5 is a rear elevational view of the example of Figure 3; and

Figure 6 is an elevational view of the various shapes of the false eyebrows.

Referring now to the drawings in detail, wherein like reference characters indicate

[Price 33p]

like parts throughout the several figures, 40 the reference numeral 10 indicates generally a false eyebrow constructed in accordance with the invention.

The false eyebrow 10 includes a flexible foundation panel 11 having a desired shape of an eyebrow. Natural or animal hair 12 is secured thereto on one side thereof. Pressure sensitive adhesive 13 is coated onto the rear face of the panel 11 to secure the eyebrow 10 to the skin of the user or to the hair of natural eyebrows.

The eyebrow 10 may have any desired shape such as the shapes illustrated in Figure 6 in order to provide a selection for the user depending on their own particular face contours and wishes.

WHAT I CLAIM IS:—

1. A false eyebrow for covering a natural eyebrow or replacing same when no hair is present comprising a flexible panel having hair secured to one face thereof and pressure sensitive adhesive coated on the other face thereof to secure the panel to the hair of a natural eyebrow or to bare skin.

2. An eyebrow as claimed in Claim 1 wherein the hair is human hair.

3. An eyebrow as claimed in Claim 1 wherein the hair is animal hair.

4. A false eyebrow substantially as hereinbefore described with reference to the accompanying drawings.

(54) FALSE EYEBROWS

(71) I, MARIE ORLENA MILLER a Citizen of the United States of America of 4615 A Parkway, Sacramento, California 95823, United States of America, do hereby declare the invention for which I pray that a patent may be granted to me, and the method by which it is to be performed to be particularly described in and by the following statement:—

10 The present invention relates to false eyebrows adapted to be attached on bare skin or as a covering for natural eyebrows.

According to the invention a false eyebrow for covering a natural eyebrow or replacing same when no hair is present comprises a flexible panel having hair secured to one face thereof and pressure sensitive adhesive coated on the other face thereof to secure the panel to the hair of a natural eyebrow or to bare skin.

20 An embodiment of the invention will be described by way of examples, reference being made to the drawings in which:

Figure 1 is an elevational view of an example shown attached to the face of a user;

Figure 2 is an elevational view of the face of a user showing the position of the false eyebrows of Figure 1 above the eye;

30 Figure 3 is a front elevational view of a false eyebrow;

Figure 4 is a top plan view of the example of Figure 3;

Figure 5 is a rear elevational view of the example of Figure 3; and

35 Figure 6 is an elevational view of the various shapes of the false eyebrows.

Referring now to the drawings in detail, wherein like reference characters indicate [Price 33p]

like parts throughout the several figures, 40 the reference numeral 10 indicates generally a false eyebrow constructed in accordance with the invention.

The false eyebrow 10 includes a flexible foundation panel 11 having a desired shape 45 of an eyebrow. Natural or animal hair 12 is secured thereto on one side thereof. Pressure sensitive adhesive 13 is coated onto the rear face of the panel 11 to secure the eyebrow 10 to the skin of the 50 user or to the hair of natural eyebrows.

The eyebrow 10 may have any desired shape such as the shapes illustrated in Figure 6 in order to provide a selection for the user depending on their own particular 55 face contours and wishes.

WHAT I CLAIM IS:—

1. A false eyebrow for covering a natural eyebrow or replacing same when no hair is present comprising a flexible 60 panel having hair secured to one face thereof and pressure sensitive adhesive coated on the other face thereof to secure the panel to the hair of a natural eyebrow or to bare skin. 65

2. An eyebrow as claimed in Claim 1 wherein the hair is human hair.

3. An eyebrow as claimed in Claim 1 wherein the hair is animal hair.

4. A false eyebrow substantially as 70 hereinbefore described with reference to the accompanying drawings.
