(54) Title: MOBILE TERMINAL AND METHOD OF OPERATING THE SAME

(57) Abstract: Provided are a mobile terminal and a method of operating the same. The method includes: receiving a service request on an electronic device via a wireless communication network; displaying a service dispatch schedule input window for receiving a service dispatch schedule on the service request through a display unit; inputting a service dispatch schedule through the service dispatch schedule input window; and transmitting a service dispatch request including the service dispatch schedule input through the service dispatch schedule input window to another mobile terminal connected via wireless communication network.
