EE, ES, FI, FR, GB, GR, HR, HU, IE, IS, IT, LT, LU, LV,

(54) Title: COMPOSITIONS TO PROMOTE SWALLOWING SAFETY AND EFFICIENCY

(57) Abstract: The present disclosure relates to a tingling composition and the use thereof to provide trigeminal sensory stimulation at a dosage and a viscosity effective to improve the swallowing function of patients suffering from dysphagia. The present disclosure provides people suffering from dysphagia with a novel type of solution combining a thickening agent, a tingling composition, and optionally a trigeminal ingredient at the right concentrations. The present disclosure discloses, a tingling composition, specifically, an effervescent composition or an easy and/or fast dissolving thickener composition formulated for dilution into a nutritional product, a nutritional product made from the composition, a ready-to-drink (RTD) beverage, a use of the composition, a method for making a nutritional product from the composition, and a related system.
