Figure 2

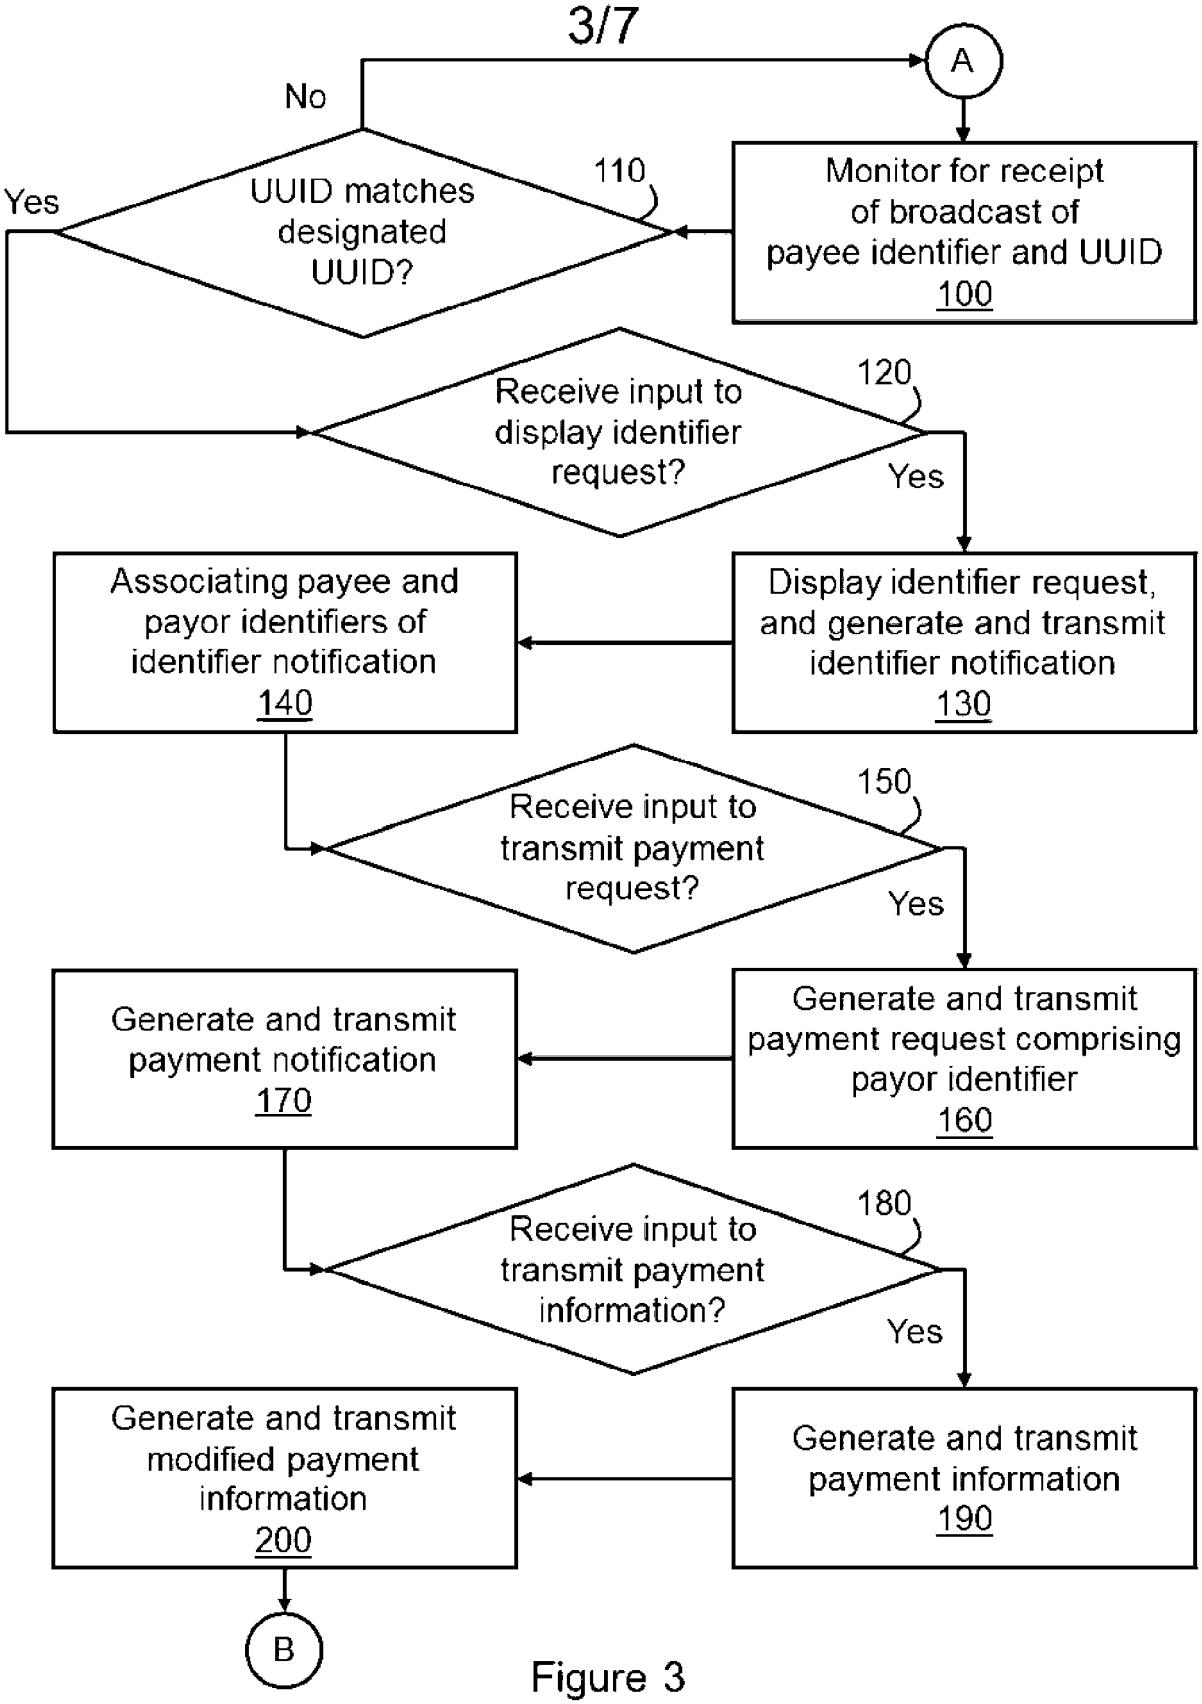

A
Monitor for receipt of broadcast of payee identifier and UUID
100
110
UUID matches designated UUID?
No
Yes
Receive input to display identifier request?
120
Yes
Display identifier request, and generate and transmit identifier notification
130
Associating payee and payor identifiers of identifier notification
140
Receive input to transmit payment request?
150
Yes
Generate and transmit payment request comprising payor identifier
160
Generate and transmit payment notification
170
Receive input to transmit payment information?
180
Yes
Generate and transmit payment information
190
Generate and transmit modified payment information
200

Figure 7

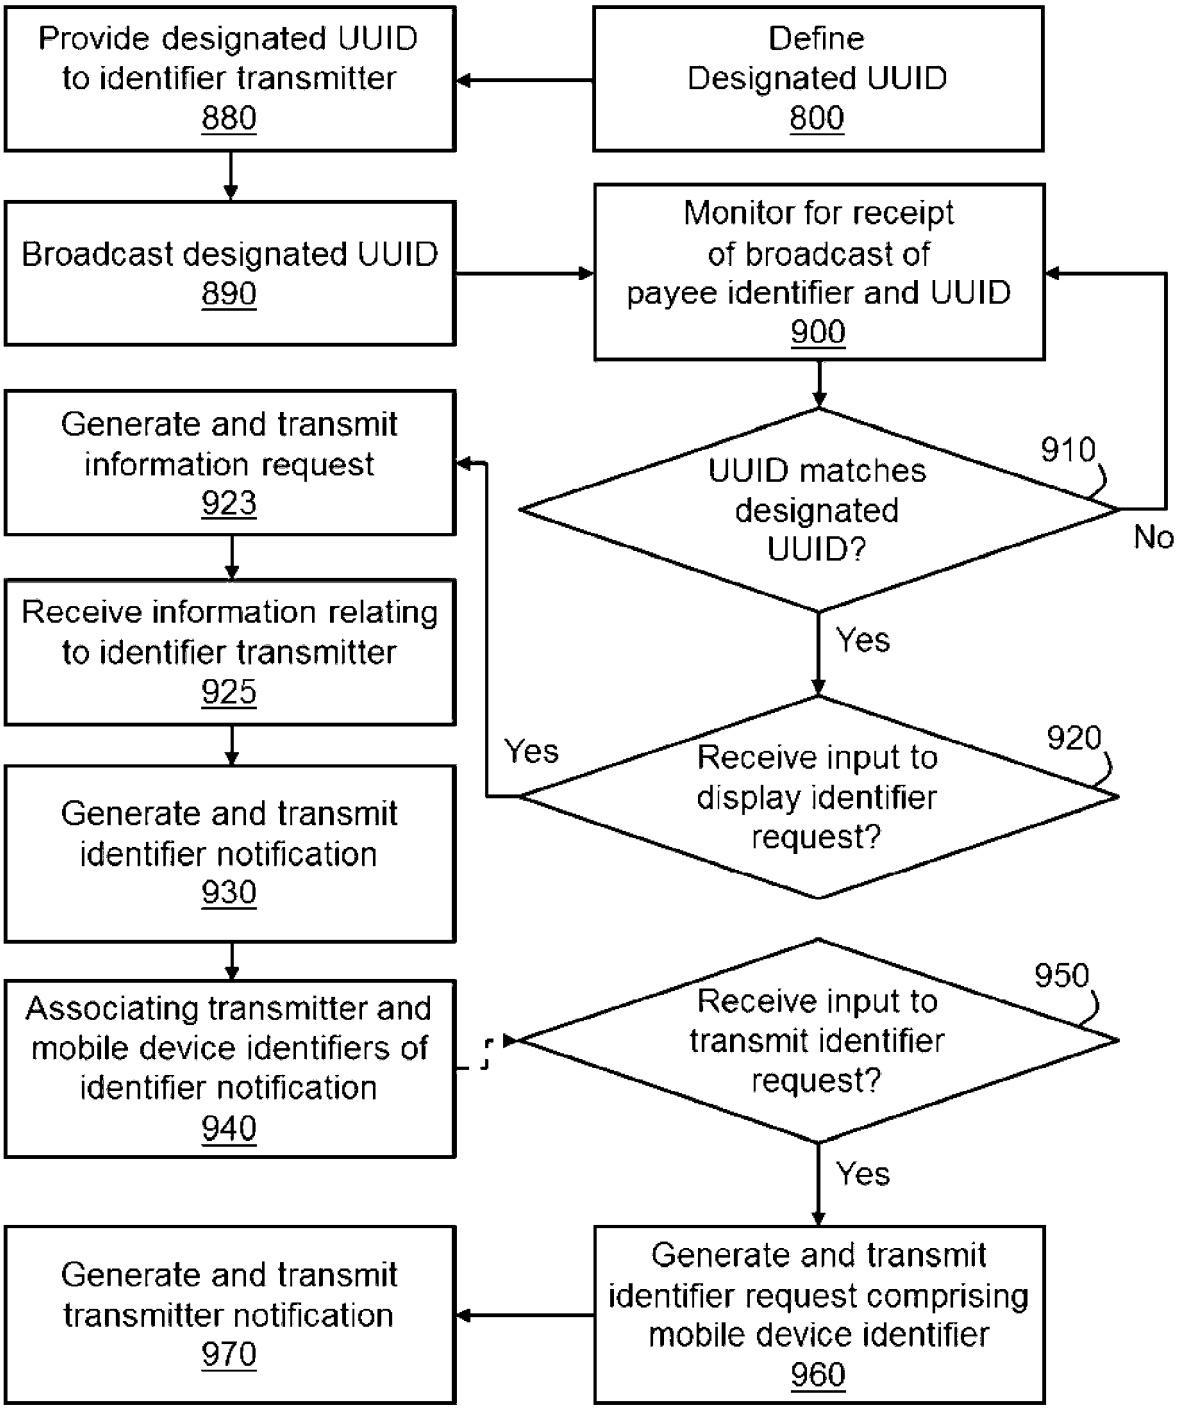

Define Designated UUID 800
Provide designated UUID to identifier transmitter 880
Broadcast designated UUID 890
Monitor for receipt of broadcast of payee identifier and UUID 900
UUID matches designated UUID? 910
No
Yes
Receive input to display identifier request? 920
Yes
Generate and transmit information request 923
Receive information relating to identifier transmitter 925
Generate and transmit identifier notification 930
Associating transmitter and mobile device identifiers of identifier notification 940
Receive input to transmit identifier request? 950
Yes
Generate and transmit identifier request comprising mobile device identifier 960
Generate and transmit transmitter notification 970
