(54) Title: ARTIFICIAL INTELLIGENCE (AI)-ASSISTED POST EDITING

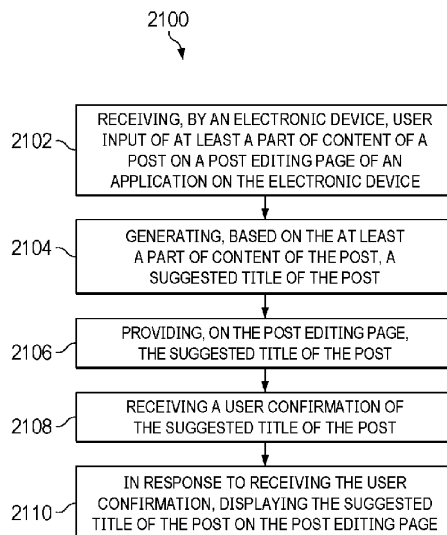

FIG. 21

(57) Abstract: Method, apparatus, and user interfaces for editing posts are described. In one example, an electronic device receives user input of at least a part of content of a post on a post editing page of an application on the electronic device. A suggested title of the post is generated based on the at least a part of content of the post. The suggested title of the post is provided on the post editing page. In response to receiving a user confirmation of the suggested title, the suggested title of the post is displayed on the post editing page.
