amendments.

Before the expiration of the time limit referred to in Article
21(2)(a) on the request of the applicant.

(54) Title: COMBUSTION ENHANCING APPARATUS

(57) Abstract

A gas mixing apparatus is disclosed in which gases from the crankcase of an internal combustion engine and from a petrol or diesel tank are mixed together with an alcohol solution, are passed over an ionizer, and producing negatively charged Make-Weight gaseous substances, then passed to the air induction system for combustion.
