(54) Title: **LITTER BOX**

(57) Abstract

A litter box including a housing for disposing therein litter for use by a pet, and a grinder for grinding excreta found in the litter box. The litter box preferably includes litter substantially impervious to grinding by the grinder. The litter box includes a filtering assembly for filtering the excreta, ground by the grinder, from the litter. The litter box preferably includes a cleansing liquid which is in fluid communication with the litter, wherein the grinder agitates the litter and the cleansing liquid so as to cause cleansing of the litter.
