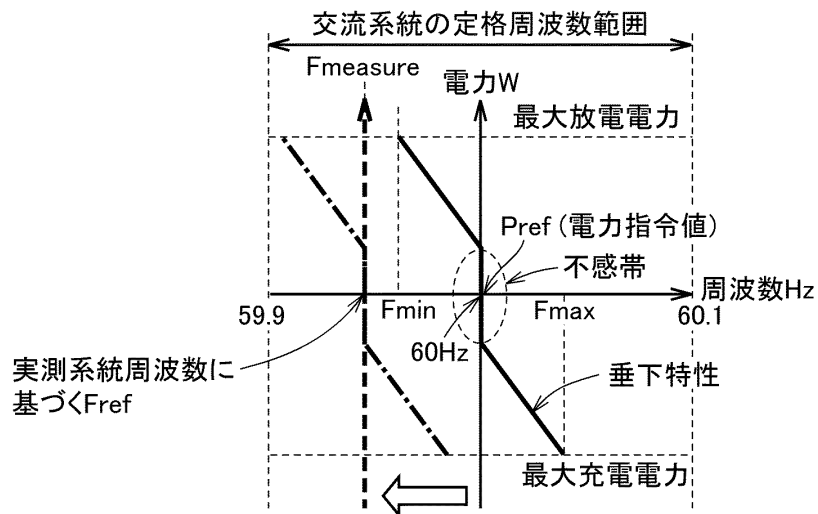

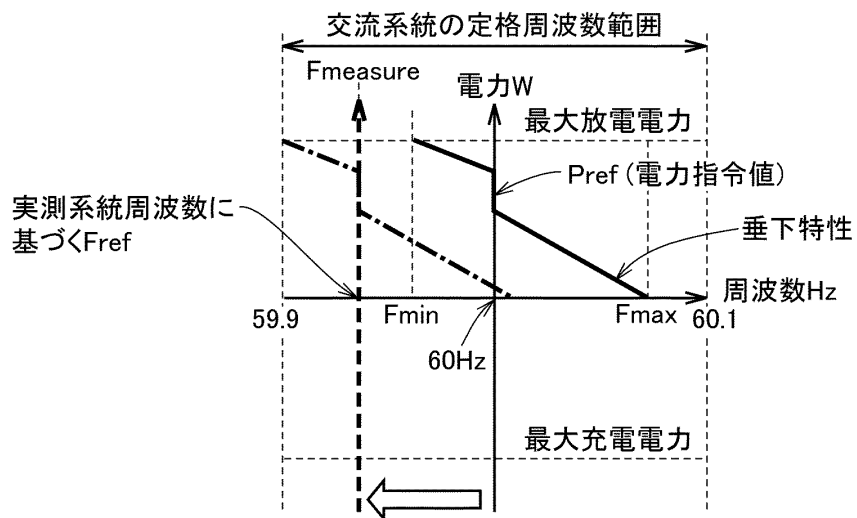

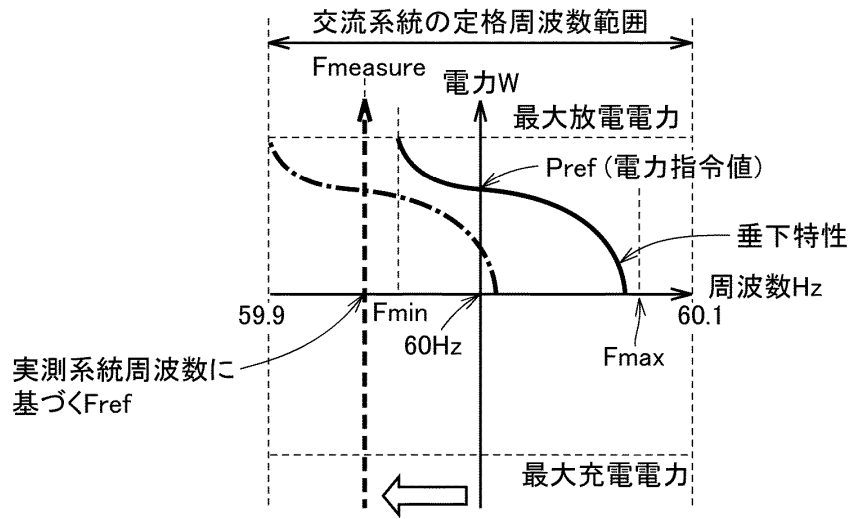

Figure 40C is a line graph showing the percentage of correct responses for the 'Correct' condition across five trials. The y-axis is labeled 'Percentage of correct responses' and ranges from 0 to 100. The x-axis is labeled 'Trial' and ranges from 1 to 5. The data points are approximately: Trial 1: 85%, Trial 2: 90%, Trial 3: 95%, Trial 4: 98%, Trial 5: 100%. A solid line connects the points, and a dashed line shows the trend.
