

ABSTRACT

Disclosed is a release film-equipped pressure sensitive adhesive sheet (1) comprising a photocured pressure sensitive adhesive sheet (50) having a first principal surface and a second principal surface, and a first release film (10) temporarily attached on the first principal surface of the pressure sensitive adhesive sheet. The first release film has a release layer (15) on a base film (11), and the release layer (15) is in contact with the pressure sensitive adhesive sheet (50). The pressure sensitive adhesive sheet (50) contains a photocured acryl-based polymer and a UV absorber. The release layer (15) is a silicone-based release layer having a Si atom content of 0.02 to 0.07 g/m².
