### Application No

### Date

16/June/2007

### Title of Invention

"I Sig"

### Inventor Name

Dhanasekaran Basker

### Address

#03-2569, Block 705,  
Ang Mo Kio Avenue 8,  
Singapore – 560705.

### Abstract

I, Dhanasekaran Basker invent this product, and I name this product "I Sig". This product invention originated to me to protect the environment and keep people healthy. "I Sig" consists of 1. pipe or tube, 2. filters, 3. flavour substance, 4. Flavour substance wrapper. The details are described in Description / Specification and drawings. "I Sig" is to inhale through close mouth by place between the upper lip and lower lip. While inhale through mouth, the air purified by filters and flavour substance smell mix with air. "I Sig" keeps the mouth with flavour smell & fresh and body & mind good health.
