FIG. 2

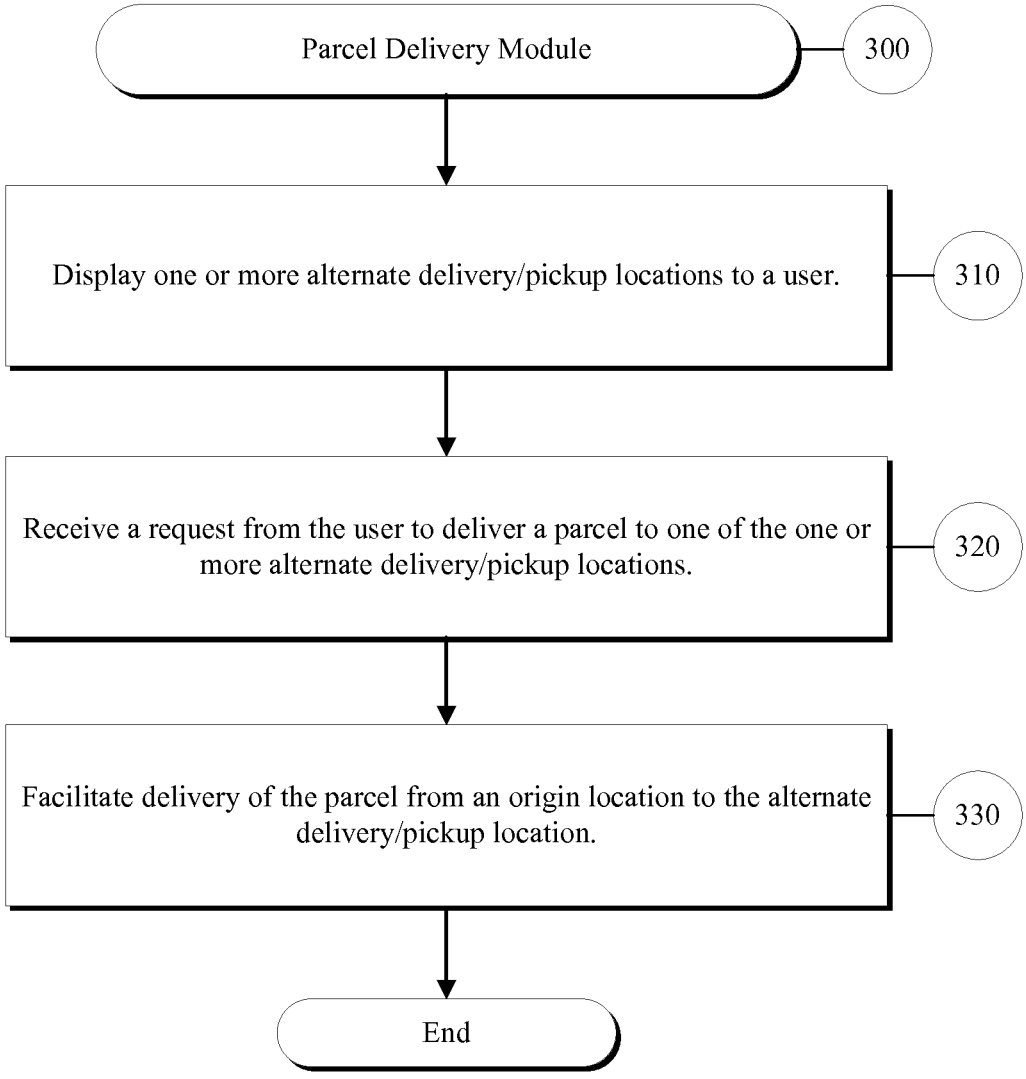

Parcel Delivery Module
300
Display one or more alternate delivery/pickup locations to a user.
310
Receive a request from the user to deliver a parcel to one of the one or more alternate delivery/pickup locations.
320
Facilitate delivery of the parcel from an origin location to the alternate delivery/pickup location.
330
End

FIG. 3

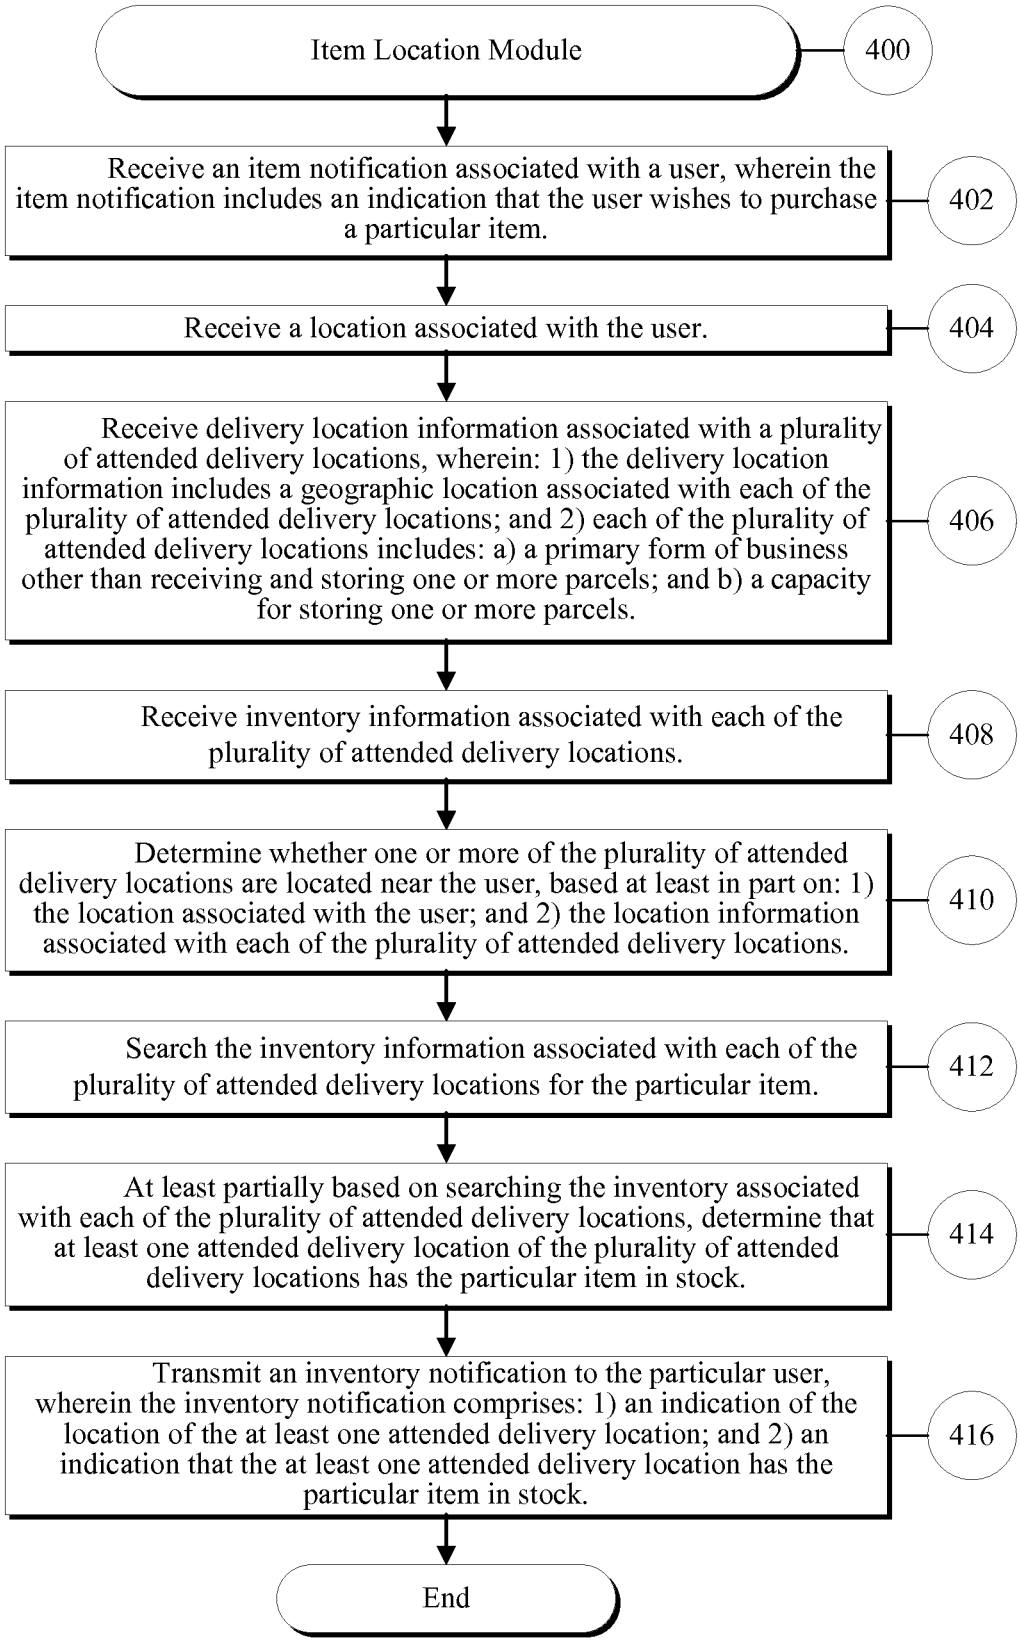

Item Location Module
400
Receive an item notification associated with a user, wherein the item notification includes an indication that the user wishes to purchase a particular item.
402
Receive a location associated with the user.
404
Receive delivery location information associated with a plurality of attended delivery locations, wherein: 1) the delivery location information includes a geographic location associated with each of the plurality of attended delivery locations; and 2) each of the plurality of attended delivery locations includes: a) a primary form of business other than receiving and storing one or more parcels; and b) a capacity for storing one or more parcels.
406
Receive inventory information associated with each of the plurality of attended delivery locations.
408
Determine whether one or more of the plurality of attended delivery locations are located near the user, based at least in part on: 1) the location associated with the user; and 2) the location information associated with each of the plurality of attended delivery locations.
410
Search the inventory information associated with each of the plurality of attended delivery locations for the particular item.
412
At least partially based on searching the inventory associated with each of the plurality of attended delivery locations, determine that at least one attended delivery location of the plurality of attended delivery locations has the particular item in stock.
414
Transmit an inventory notification to the particular user, wherein the inventory notification comprises: 1) an indication of the location of the at least one attended delivery location; and 2) an indication that the at least one attended delivery location has the particular item in stock.
416
End
