(54) Title: DRYWALL SUSPENSION GRID SYSTEM

(57) Abstract

A drywall suspension grid system comprising a selection of various sized and specified pre-formed and pre-engineered "T" grid beams and components used to construct a grid having a grid face upon which drywall is mounted, thus creating a suspended drywall ceiling. The suspension grid system can be used to create flat ceilings, curved ceilings, soffits, fascia for floating edge ceilings, utility interfaces, or any combination thereof in a suspended grid drywall ceiling.
