CORRECTION OF OBVIOUS MISTAKE IN SEQUENCE LISTING

Dear Sirs

We enclose corrected sequence listing in TXT-format created by the PatentIn Version 3.5.1 software.

An error in the original sequence listing has been found in SEQ ID NO.: 6.
The amino acid sequence for the GLP-1 agonist C, depicted on page 9 of the application as filed, includes a Glu (E) in position 24 (corresponding to position 30 in GLP-1(7-37)). In the original sequence listing SEQ ID NO.: 6 has a Gly (G) in this position. The corrected sequence listing filed herewith, has a Glu (E) in position 24 of SEQ ID NO.: 6.

We submit that the information in the enclosed sequence listing does not go beyond the disclosure in the international application as filed, and that the sequence listing contains only those sequences that were disclosed in the international application as filed.

Yours sincerely

Birgit Otzen Petersen
