Setting information editing screen 103B

The diagram illustrates the 'Setting information editing screen 103B'. It features a header bar with three elements: a '<Back' button on the left, a 'Wash to dry' button in the center, and a 'Delete' button on the right. Below the header, there is a 'Cycle name' label followed by a text input field containing 'Dad only'. Underneath this, four settings are listed vertically, each with a button on the left and a value on the right: 'Wash' (9 minutes), 'Rinse' (2 times), 'Spin' (13 minutes), and 'Dry' (Standard). At the bottom of the screen, there are two large buttons: 'Change' and 'Cancel'. A thick black arrow points from the right side of the 'Change' button, passing through a black circle, and is labeled 'T6'.

<Back Wash to dry Delete

Cycle name Dad only

Wash	9 minutes
Rinse	2 times
Spin	13 minutes
Dry	Standard

Change T6 →

Cancel
