

ABSTRACT

COMPOSITION FOR TISSUE REPAIR AND MANUFACTURING METHOD THEREFOR

5

Disclosed in the present invention are: a composition for tissue repair using a nontoxic biocompatible polymer; and a manufacturing method therefor. Provided according to the present invention are: a composition for tissue repair, the composition comprising a copolymer obtained from the polymerization of a hydrophobic biocompatible polymer and a hydrophilic biocompatible polymer, the
10 composition being in a colloidal phase in which the copolymer is dispersed in water; and a manufacturing method therefor.
