

[図1]

[図2]

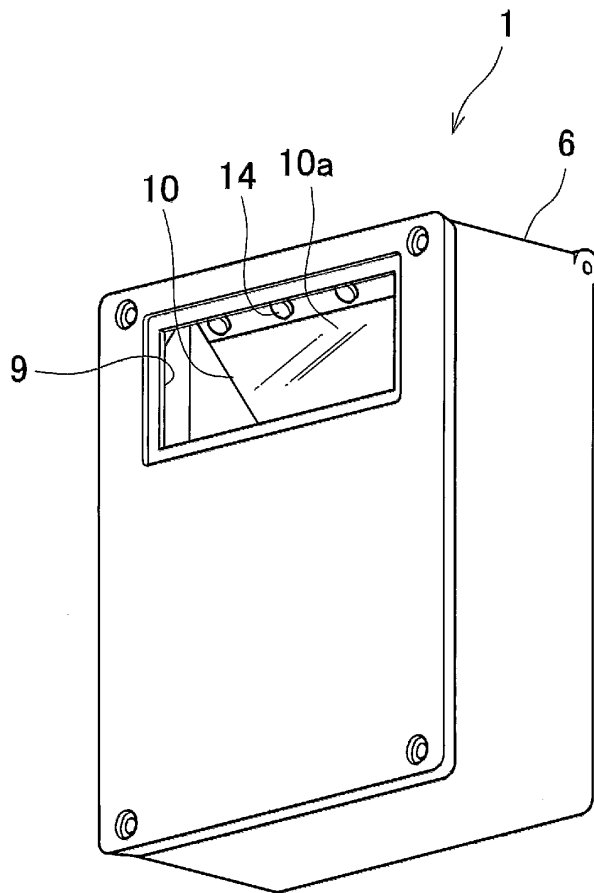

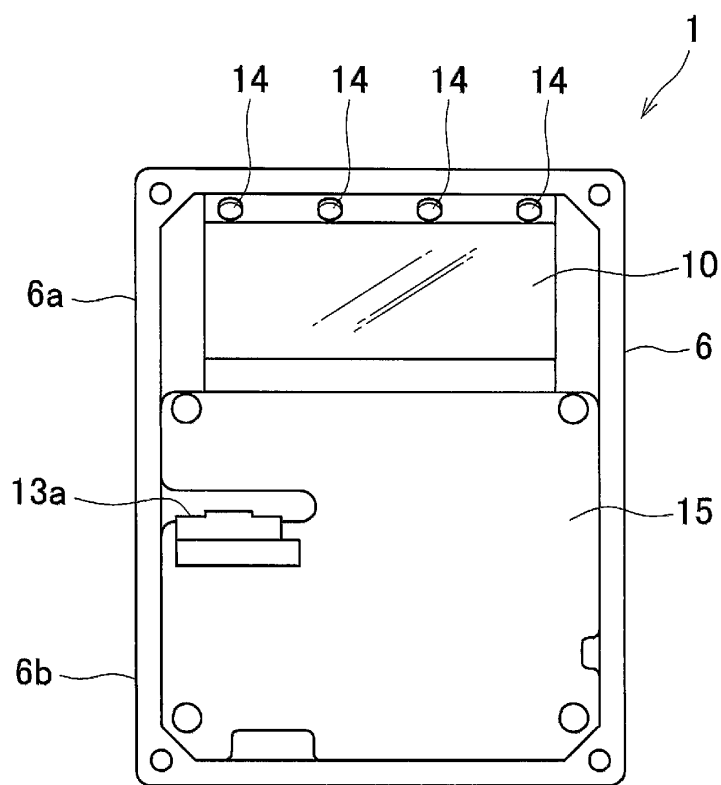

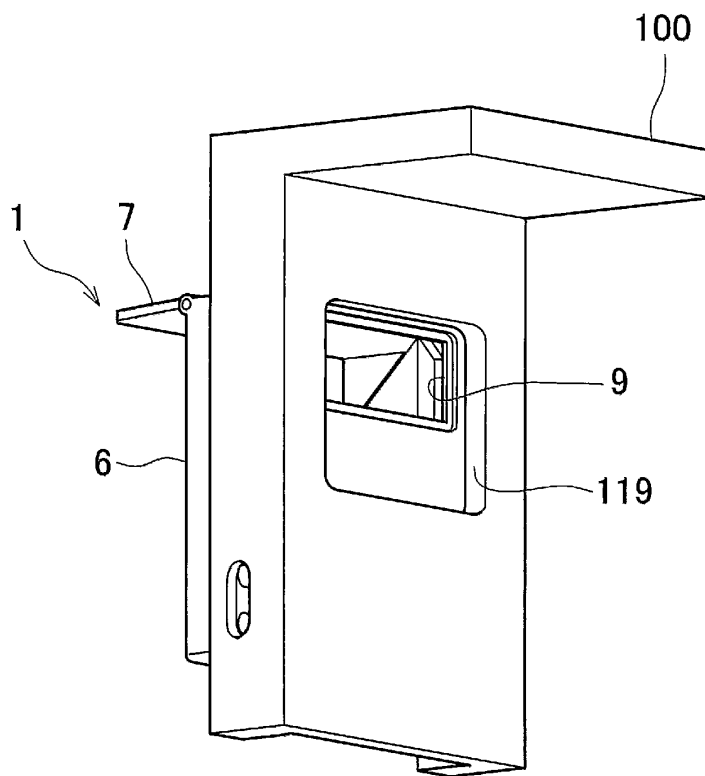

Fig. 1 is a cross-sectional view of a first embodiment of the device. It shows a main housing 6 with a front cover 7. Inside the housing, there is a large spherical component 16 mounted on a support structure 18. To the right of the sphere is a vertical rectangular component 11. Below these are various mechanical parts including 13, 12, 10, 9, 8, 15, 17, 14, and 2c. An arrow labeled L2 points upwards from the center of the device.
