(54) Title: METHOD AND APPARATUS OF SUPPORTING POSITIONING RELATED INFORMATION REPORTING

Figure 11

(57) Abstract: Various aspects of the present disclosure relate to a method and apparatus of supporting positioning related information reporting. An exemplary method performed by a UE includes: determining time/frequency domain resources, or a RS or a RS set associated with reporting positioning related information, wherein the positioning related information includes timing related information, power related information, phase related information, or a combination thereof; and reporting the positioning related information determined based on the associated time/frequency domain resources, or RS or RS set.
