WHAT IS CLAIMED IS:

1. An ophthalmological composition for the treatment of presbyopia comprising from 1.5% to 1.75% w/v aceclidine and 2.5% w/v mannitol, wherein w/v denotes weight by total volume of the composition.

2. The composition of claim 1, further comprising tropicamide.

3. Use of a composition of claim 1 in the manufacture of a medicament for the treatment of a refractive error of the eye, wherein the refractive error is selected from presbyopia, myopia, hyperopia, astigmatism or a combination thereof.

4. Use of a composition of claim 1 in the manufacture of a medicament for the treatment of presbyopia.

5. An ophthalmological composition for the treatment of presbyopia comprising 1.75% w/v aceclidine and 2.5% w/v mannitol, wherein w/v denotes weight by total volume of the composition.

6. The composition of claim 1, further comprising tropicamide.

7. Use of a composition of claim 5 in the manufacture of a medicament for the treatment of a refractive error of the eye, wherein the refractive error is selected from presbyopia, myopia, hyperopia, astigmatism or a combination thereof.

8. Use of a composition of claim 5 in the manufacture of a medicament for the treatment of presbyopia.
