## CLAIMS

1. A composition comprising a unit dosage form of a compound of formula **III**

**III**

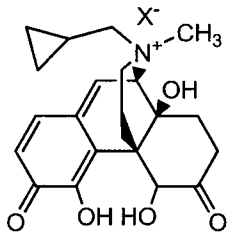

wherein the compound of formula III is present at 7% to 75% based on the total weight of the composition;

wherein $A^-$ is an anion of a Brønsted acid;

wherein the composition comprises a chelating agent comprising calcium EDTA disodium;

wherein the composition is substantially free of tungsten; and

wherein the composition comprises less than 190 ppm of a compound of formula **II**:

**II**

wherein $X^-$ is an anion of a Brønsted acid.

2. The composition of claim 1, wherein the Brønsted acid is selected from the group consisting of a hydrogen halide, a carboxylic acid, a sulfonic acid, a sulfuric acid, and a phosphoric acid.

3. The composition of claim 1, wherein $A^-$ is selected from the group consisting of chloride, bromide, iodide, fluoride, sulfate, bisulfate, tartrate, nitrate, citrate, bitartrate, carbonate,

phosphate, malate, maleate, fumarate, sulfonate, methylsulfonate, formate, carboxylate, methylsulfate, trifluoroacetate, and succinate.

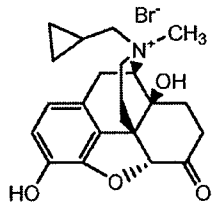

4. The composition of claim 3, wherein $A^-$ is bromide.

5. The composition of claim 1, wherein $X^-$ is selected from the group consisting of chloride, bromide, iodide, fluoride, sulfate, bisulfate, tartrate, nitrate, citrate, bitartrate, carbonate, phosphate, malate, maleate, fumarate, sulfonate, methylsulfonate, formate, carboxylate, methylsulfate, trifluoroacetate, and succinate.

6. The composition of claim 5, wherein $X^-$ is bromide.

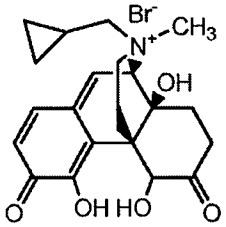

7. The composition of claim 1, wherein the composition contains tungsten in an amount of less than about 60 parts per billion.

8. The composition of claim 1, wherein the compound of formula **III** is a compound of formula **III-1**:

**III-1**

and the compound of formula II is a compound of formula **II-1**:

**II-1**

9. The composition of claim 1, wherein the composition is contained within a package that is substantially free of tungsten.

10. The composition of claim 9, wherein the package is selected from the group consisting of: a syringe, a vial and an ampoule.

11. The composition of claim 10, wherein the package is a syringe.

12. The composition of claim 1, wherein the composition is a solid composition.

13. The composition of claim 12, wherein the solid composition is provided in tablet form.

14. The composition of claim 13, wherein the composition comprises 75 mg to 450 mg of the compound of formula III.

15. The composition of claim 13, wherein the composition comprises 150 mg of the compound of formula III.
