Claims

1. A compound of Formula (I):

(I)

or a pharmaceutically acceptable salt, solvate, hydrate or prodrug thereof; wherein:
X = CF_3, methyl, Cl or cyclopropyl; and
n = 1 or 2.

2. A compound according to claim 1, wherein X = CF_3, methyl, Cl or cyclopropyl; and n= 1.

3. A compound according to claim 1 or claim 2, wherein X = CF_3.

4. A compound of Formula (I) as defined in any one of claims 1 to 3, for use in the treatment or prevention of ocular neovascularisation.

5. The compound for use according to claim 4, wherein treatment or prevention of ocular neovascularisation comprises treatment or prevention of ocular diseases associated with abnormal angiogenesis or abnormal over-production of pro-angiogenic VEGFxxx isoforms.

6. A compound of Formula (I) as defined in any one of claims 1 to 3, for use in treating or preventing age related macular degeneration.

7. A compound of Formula (I) as defined in any one of claims 1 to 3, for use in treating or preventing diabetic macular oedema.

8. A compound of Formula (I) as defined in any one of claims 1 to 3, for use in treating or preventing diabetic retinopathy.

9. A compound of Formula (I) as defined in any one of claims 1 to 3, for use in treating or preventing retinal vein occlusion.

10. A compound of Formula (I) as defined in any one of claims 1 to 3, for use in treating or preventing retinopathy of prematurity.

11. A compound of Formula (I) as defined in any one of claims 1 to 3, for use in treating or preventing ocular neurodegenerative disorders.

12. A compound of Formula (I) as defined in any one of claims 1 to 3, for use in treating or preventing ocular degenerative diseases, such as geographic atrophy.

13. A compound of Formula (I) as defined in any one of claims 1 to 3, for use in treating or preventing ocular hyperpermeability disorders.

14. A compound of Formula (I) as defined in any one of claims 1 to 3, for use in treating or preventing ocular epithelial degenerative disorders.

15. The compound for use of any one of claims 4 to 14, comprising topical treatment or prevention.

16. A pharmaceutical composition comprising a compound of any one of claims 1 to 3, optionally one or more other active ingredients and a pharmaceutically acceptable carrier.

17. A pharmaceutical composition comprising a compound of any one of claims 1 to 3, optionally one or more other active ingredients and a pharmaceutically acceptable carrier, in a form suitable for intraocular injection.

18. A pharmaceutical composition comprising a compound of any one of claims 1 to 3, optionally one or more other active ingredients and a pharmaceutically acceptable carrier, in a form suitable for topical administration to the eye.
