This diagram shows a cross-sectional view of a multi-layered container assembly. The assembly consists of several horizontal layers. A central layer is labeled 26. Above it is a layer labeled 34. Below it is a layer labeled 42. A dashed circle labeled 32 is shown on the right side, indicating a specific feature or component within the assembly. The entire assembly is surrounded by a thick, hatched border, likely representing insulation or a structural frame. Various fasteners and seals are visible along the edges of the layers.
