Title: Copolymer of ethylene and a 1,3-diene

5

Abstract

The invention relates to a copolymer of ethylene and a 1,3-diene, containing more than 50 mol% of ethylene units and containing 1,2-cyclohexanediyl units, the 1,3-diene being 1,3-butadiene or a mixture of 1,3-dienes containing 1,3-butadiene, said copolymer consisting of a main chain and one or more side chains.
