(54) Title: PRODUCTION OF NON-PRECIIPITATED PLANT PROTEIN ISOLATES

(57) Abstract: The present invention concerns a method for preparing a protein isolate displaying a purity higher than 80% from plant parts, said method comprising the following successive steps: a) washing said plant parts in acidic conditions, thereby obtaining acid washed plant parts; b) contacting said acid washed plant parts with an alkaline solution, and c) recovering the liquid fraction thereby obtaining a protein isolate displaying a purity higher than 80%, wherein said method does not comprise any acidic precipitation step.
