

Abstract

2 different types of dispenser. A cold that serves for prayer cut flowers/tied flowers and garlands. A room temperature dispenser that serves prayer items such as prayer oil, camphor, sambrani (Benzoin) etc.

The flower dispenser will have cut flowers/tied flower balls/garlands packed in airtight plastic bags. Garlands would also be packed in similar fashion.

The prayer items dispenser will store and dispense items in bottle and packet forms.

Both dispenser/vending machines must be placed in any location at the same time.
