(54) Title: AGGREGATED SECURED ELECTRONIC DOCUMENT PUSH-BASED DELIVERY, PRESENTMENT AND PAYMENT SYSTEM WITH INTELLIGENT SCHEDULING OF BILL DOWNLOAD

(57) Abstract: Embodiments of the present invention provide a method of aggregating secured electronic documents for a user from at least one biller website over the internet, and using the aggregated documents to assist the user in effecting bill payment, the method comprising the steps of: providing an interface allowing the user to provide login data for the biller website or multiple biller websites to a service provider; using the service provider to facilitate access to the at least one biller website using said login data; downloading at least one secure document from said biller website; scraping said at least one secure document for biller information; and providing an image of said secure document and said biller information to said user.
