

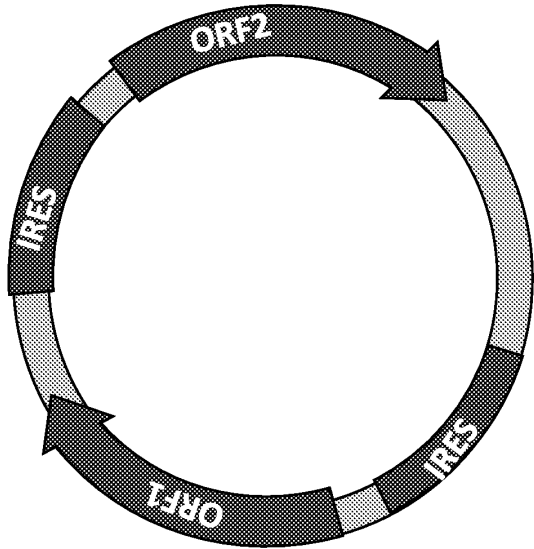

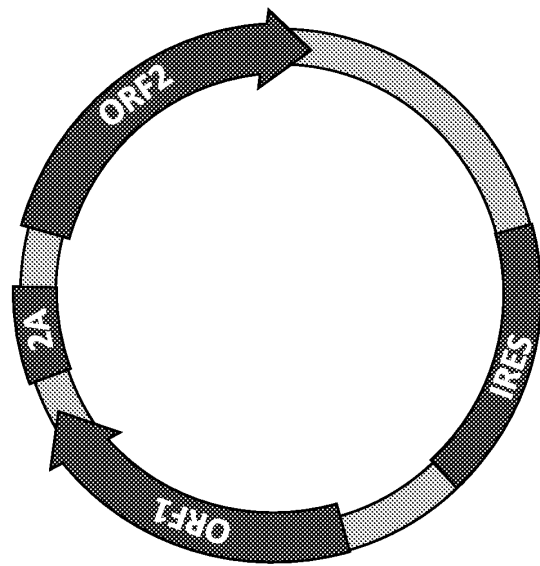

FIG. 1

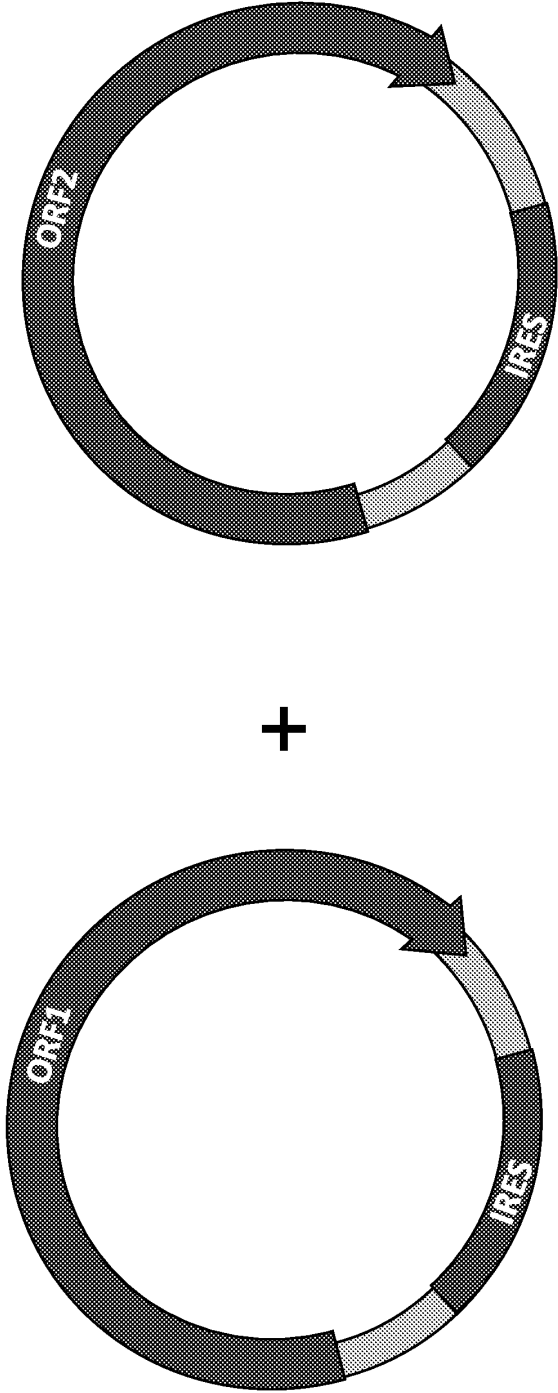

Example	ORF1	ORF2	Wherein
A	Immunogen 1	Immunogen 2	Immunogen 1 and Immunogen 2 are derived from different polypeptides but have the same target.
B	Immunogen 1	Immunogen 2	Immunogen 1 and Immunogen 2 are derived from different polypeptides and have different targets.

FIG. 2

Example	ORF1	ORF2	Wherein
A	Immunogen 1	Immunogen 2	Immunogen 1 and Immunogen 2 are derived from different polypeptides but have the same target.
B	Immunogen 1	Immunogen 2	Immunogen 1 and Immunogen 2 are derived from different polypeptides and have different targets.

FIG. 3

Example	ORF1	ORF2	Wherein
A	Immunogen 1	Immunogen 2	Immunogen 1 and Immunogen 2 are derived from different polypeptides but have the same target.
B	Immunogen 1	Immunogen 2	Immunogen 1 and Immunogen 2 are derived from different polypeptides and have different targets.
