CLAIMS

1. A sealing sheet, having a viscosity at 90°C that ranges from 1 to 50000 Pa•s and a dimension change ratio of 20% or less.

2. The sealing sheet according to claim 1, wherein the dimension change ratio ranges from 10 to 15%.

3. The sealing sheet according to claim 1, wherein the dimension change ratio ranges from 5 to 10%.
