【CLAIMS】

【Claim 1】

A parenteral composition for maintaining an effect of a hyaluronic acid filler, which comprises collagen hydrolysate as an active ingredient.

【Claim 2】

A parenteral composition for promoting a synthesis of hyaluronic acid, which comprises collagen hydrolysate as an active ingredient.

【Claim 3】

A parenteral composition for inhibiting an activity of hyaluronidase, which comprises collagen hydrolysate as an active ingredient.

【Claim 4】

The composition according to any of claims 1 to 3, wherein the collagen hydrolysate comprises a collagen tripeptide.

【Claim 5】

The composition according to claim 4, wherein the collagen tripeptide is contained in an amount of 10 wt% or more based on the total weight of the collagen hydrolysate .

【Claim 6】

The composition according to claim 4, wherein the collagen tripeptide is contained in an amount of 15 wt% or more based on the total weight of the collagen hydrolysate .

【Claim 7】

The composition according to any of claims 1 to 3, wherein the composition comprises 0.01-50 wt% of collagen hydrolysate based on the total weight of the composition.

【Claim 8】

The composition according to claim 4, wherein the collagen tripeptide comprises Glycine (Gly)-X-Y, wherein the X and the Y are amino acids.

【Claim 9】

The composition according to claim 8, wherein the X and the Y are the same or different, and wherein the amino acids are selected from a group consisting of glycine (Gly), alanine (Ala), valine (Val), leucine (Leu), isoleucine (Ile), threonine (Thr), serine (Ser), cysteine (Cys), methionine (Met), aspartic acid (Asp), asparagine (Asn), glutamic acid (Glu), glutamine (Gln), lysine (Lys), arginine (Arg), histidine (His), phenylalanine (Phe), tyrosine (Tyr), tryptophan (Trp) and proline (Pro).

【Claim 10】

The composition according to claim 8, wherein the X and the Y are the same or different, and wherein the amino acids are selected from proline and hydroxyproline.

【Claim 11】

The composition according to claim 8, wherein the X is proline and the Y is hydroxyproline.

【Claim 12】

The composition according to any of claims 1 to 3, wherein the composition is a pharmaceutical composition.

【Claim 13】

The composition according to any of claims 1 to 3, wherein the composition is a cosmetic composition.

【Claim 14】

A kit for a filler treatment, comprising:

a filler composition comprising a hyaluronic acid; and

the composition comprising collagen hydrolysate according to any of claims 1 to 3.

【Claim 15】

The kit according to claim 14, wherein the filler composition is an injection formulation.

【Claim 16】

The kit according to claim 14, wherein the kit further comprises a written instruction which instructs that the filler composition is administered by injection and the composition comprising collagen hydrolysate is transdermally administered.

【Claim 17】

The kit according to claim 16, wherein the written instruction instructs that the filler composition is administered by injection after transdermal administration of the composition comprising collagen hydrolysate for 20-40 days.
