What is claimed is:

1. A skin care product composition, which comprises:

1 to 15 parts by weight of *Radix Astragali* extract;

1 to 5 parts by weight of aloe extract;

1 to 5 parts by weight of green tea extract;

0.1 to 5 parts by weight of thickening agent;

0.1 to 3 parts by weight of preservative.

2. The skin care product composition according to claim 1, which further comprises:

0.1 to 40 parts by weight of moisturizing agent;

0.1 to 30 parts by weight of lightening agent;

0.1 to 10 parts by weight of permeation enhancer.

3. The skin care product composition according to claim 2, which comprises:

4 to 12 parts by weight of *Radix Astragali* extract;

1 to 2 parts by weight of aloe extract;

1 to 2 parts by weight of green tea extract;

0.1 to 5 parts by weight of thickening agent;

0.1 to 3 parts by weight of preservative;

5 to 30 parts by weight of moisturizing agent;

1 to 10 parts by weight of lightening agent;

1 to 7 parts by weight of permeation enhancer.

4. The skin care product composition according to any one of claims 2 to 3, which further comprises:

0.1 to 10 parts by weight (preferably 1 to 7 parts by weight) of emulsifying agent.

5. The skin care product composition according to any one of claims 2 to 4, wherein the moisturizing agent comprises:

0.1 to 30 parts by weight (preferably 5 to 20 parts by weight) of polyol moisturizing agent,

0.1 to 15 parts by weight (preferably 0.1 to 10 parts by weight) of carbohydrate moisturizing agent, and,

0.1 to 30 parts by weight (preferably 0.2 to 2.5 parts by weight) of other moisturizing agent;

preferably, the polyol moisturizing agent is selected from the group consisting of glycerin, 1,3-butanediol, sorbitol, polyethylene glycol, propylene glycol, glycereth-26, and any combination thereof;

more preferably, the polyol moisturizing agent is selected from the group consisting of glycerin, 1,3-butanediol, glycereth-26, and any combination thereof;

most preferably, the polyol moisturizing agent is a composition consisting of 5 to 12 parts by weight of glycerin and 2 to 8 parts by weight of 1,3-butanediol, or a composition consisting of 5 to 12 parts by weight of glycerin, 2 to 8 parts by weight of 1,3-butanediol and 1.5 to 2.5 parts by weight (preferably 2 parts by weight) of glycereth-26;

preferably, the carbohydrate moisturizing agent is selected from the group consisting of sodium hyaluronate, trehalose, tremella polysaccharide, methyl glucose polyether, and any combination thereof;

more preferably, the carbohydrate moisturizing agent is selected from the group consisting of sodium hyaluronate, trehalose, and any combination thereof;

most preferably, the carbohydrate moisturizing agent is a composition consisting of 0.5 to 8 parts by weight of sodium hyaluronate, or a composition consisting of 0.5 to 8 parts by weight of sodium hyaluronate and 1.5 to 2.5 parts by weight (preferably 2 parts by weight) of trehalose;

preferably, the other moisturizing agent is selected from the group consisting of panthenol, ceramide, allantoin, natural plant extract, and any combination thereof;

more preferably, the other moisturizing agent is allantoin;

most preferably, the other moisturizing agent consists of 0.2 to 1 parts by weight of allantoin.

6. The skin care product composition according to claim 5, wherein the moisturizing agent further comprises:

0.1 to 8 parts by weight (preferably 0.1 to 6 parts by weight) of natural moisturizing factor moisturizing agent;

preferably, the natural moisturizing factor moisturizing agent is selected from the group consisting of urea, amino acid, vitamin B6, and any combination thereof.

7. The skin care product composition according to any one of claims 1 to 4, wherein:

the thickening agent is selected from the group consisting of xanthan gum, carbomer 940, polyacrylic acid polymer, and any combination thereof;

preferably, the thickening agent is xanthan gum;

or, the preservative is selected from the group consisting of paraben (e.g., methyl paraben, ethyl paraben, propyl paraben, butyl paraben), phenoxyethanol, benzoic acid/benzyl alcohol and derivatives thereof, and any combination thereof;

preferably, the preservative is phenoxyethanol;

or, the lightening agent is selected from the group consisting of hydroquinone, arbutin, vitamin C and derivatives thereof (e.g., vitamin C, ascorbyl glucoside), niacinamide, natural plant extract, and any combination thereof;

preferably, the lightening agent is selected from the group consisting of arbutin, vitamin C and derivatives thereof (e.g., vitamin C, ascorbyl glucoside), niacinamide, natural plant extract, and any combination thereof;

more preferably, the lightening agent is selected from the group consisting of arbutin, vitamin C and derivatives thereof (e.g., vitamin C, ascorbyl glucoside), niacinamide, and any combination thereof;

or, the permeation enhancer is selected from the group consisting of Azone, isosorbide dimethyl ether, inositol, isopropyl myristate, and any combination thereof;

preferably, the permeation enhancer is isopropyl myristate;

or, the emulsifying agent is selected from the group consisting of glyceryl stearate, methyl glucose sesquistearate, PEG-20 methyl glucose sesquistearate, laureth-7/C_{13-14} alkane/polyacrylamide (also known as Emulsifier 305), isopropyl myristate, and any combination thereof;

or, the skin care product composition further comprises an essence;

preferably, the essence is selected from the group consisting of bluebell essence, Miss COCO essence, cherry blossom essence, ebony agarwood essence, jasmine essence, rose essence, and grapefruit essential oil.

8. The skin care product composition according to any one of claims 1 to 7, which consists of:

Ingredient	Amount (%)
Radix Astragali extract	5
aloe extract	2
green tea extract	2
sodium hyaluronate	0.5
glycerin	5
1,3-butanediol	2
trehalose	2
glycereth-26	2
allantoin	0.2
niacinamide	1
α-arbutin	0.5
ascorbyl glucoside	0.5
xanthan gum	1.5
phenoxyethanol	0.5
isopropyl myristate	3
grapefruit essential oil	0.015
water	balance

or,

Ingredient	Amount (%)
Radix Astragali extract	12
aloe extract	2

green tea extract	2
sodium hyaluronate	0.5
glycerin	10
1,3-butanediol	8
allantoin	1
niacinamide	1
α-arbutin	0.5
ascorbyl glucoside	0.5
xanthan gum	1
phenoxyethanol	0.5
isopropyl myristate	5
grapefruit essential oil	0.015
water	balance

or,

Ingredient	Amount (%)
Radix Astragali extract	4
aloe extract	1
green tea extract	1
sodium hyaluronate	8
glycerin	5
1,3-butanediol	5
allantoin	0.5
niacinamide	5
α-arbutin	2
ascorbyl glucoside	2
xanthan gum	4
phenoxyethanol	2

isopropyl myristate	7
grapefruit essential oil	0.015
water	balance

or,

Ingredient	Amount (%)
Radix Astragali extract	10
aloe extract	2
green tea extract	2
sodium hyaluronate	0.5
glycerin	5
1,3-butanediol	2
trehalose	2
glycereth-26	2
allantoin	0.2
niacinamide	1
α-arbutin	0.5
ascorbyl glucoside	0.5
xanthan gum	1.5
phenoxyethanol	0.5
isopropyl myristate	3
grapefruit essential oil	0.015
water	balance

.

9. A skin care product, which comprises: the skin care product composition according to any one of claims 1 to 8;

preferably, the skin care product is a facial mask.

10. A non-therapeutic method for enhancing the effects of lightening and moisturizing the skin, which comprises:

applying the skin care product composition according to any one of claims 1 to 8 or the skin care product according to claim 9 to the skin.
