FIG. 18B is a top-down view of a substrate 18B. The substrate is divided into a grid of vertical lines 255. Within this grid, there are circular features 27. One circular feature 27 is shown with a central circular region 251 and a surrounding ring 25. A coordinate system is defined by axes D1 and D2. A vertical line is labeled L2. Other labels include 275 and 21.
