ABSTRACT

DECORATIVE PULL TAB

5 A decorative pull tab (3) adapted for being pivotally
connected to a slide fastener slider body (1) and for fastening
a decorative piece (8, 2, 11) thereto. The decorative pull tab (3)
comprising a ring (6) pivotally connected to the slider body (1)
and a pull tab body (4) including a pair of first and second
clamping plates (7, 7') and a hinge joint (5) joining the first and
second plates (7, 7'), the pull tab body (4) being folded
10 over itself on the hinge joint (5), with the ring (6) pivotally
connected to the hinge joint (5) and with the decorative piece
(8, 2, 11) clamped between the first and second clamping
plate (7, 7'),
