(54) Title: A METHOD OF PRODUCING A COATING COMPOSITION IN AN IN-STORE TINTING MACHINE

(57) Abstract: A method of producing a coating composition in an in-store tinting machine comprising the steps of selecting a base paint, adding at least one additive to the base paint, adding at least one colourant to the base paint, the at least one colourant being selected from a range of colourants in the in-store tinting machine, mixing the base paint, the at least one colourant, and the at least one additive so as to produce a coating composition, in which the additive is not a base paint or a colourant from the range of colourants in the in-store tinting machine.
