CLAIMS

1. A nutraceutical composition for promoting human growth by promoting digestion of human milk oligosaccharides containing a *Bifidobacterium breve* CBT BR3 strain, internationally deposited with the Korean Collection for Type Culture (KCTC) of the Korea Research Institute of Bioscience and Biotechnology under accession number KCTC 12201BP.

2. A feed composition for promoting digestion of human milk oligosaccharides and for promoting weight gain, comprising a *Bifidobacterium breve* CBT BR3 strain (KCTC 12201BP).

3. The nutraceutical composition for promoting human growth by promoting digestion of human milk oligosaccharides of claim 1, comprising live or dried bacteria of the *Bifidobacterium breve* CBT BR3 strain (accession number: KCTC 12201BP) in an amount of 10^8 to 10^{12} cfu/g.

4. The nutraceutical composition for promoting human growth by promoting digestion of human milk oligosaccharides of claim 1, further comprising one or more other prebiotics selected from the group consisting of *Bifidobacterium longum* subsp. *infantis* CBT BT1 (KCTC

11859BP), *Bifidobacterium bifidum* CBT BF3 (KCTC 12199BP), and *Bifidobacterium longum* CBT BG7 (KCTC 12200BP).
