- (54) Title: A SYSTEM AND A METHOD FOR LOCATING ONE OR MORE PEERS

100

FIG. 1

(57) Abstract: A system and a method for locating one or more peers may be provided whereby the method comprises determining location information (e.g. geographical location) of a requesting peer; determining location information of at least one available peer for engagement based on the location information of the requesting peer; and transmitting the location information of the at least one available peer to the requesting peer.
