(54) Title: DISC-LIKE RECORD CARRIER, RECORDING AND/OR READING APPARATUS FOR RECORDING/READING INFORMATION IN THE RECORD CARRIER

(57) Abstract

A disc-like record carrier (1) is disclosed on which control information is recorded. The control information comprises diameter information which is indicative of the diameter of the record carrier. An information recording and/or reading apparatus comprises a drive means (2) for rotatingly driving the disc-like record carrier (1). The apparatus comprises a control unit (5) which adapts the loop gain of a control loop (2, 3, 7, 8, 9) for controlling the number of revolutions per minute of the record carrier (1) in dependence on the control information recorded on the record carrier.
