(54) Title: METHOD, SYSTEM, AND COMPUTER PROGRAM PRODUCT FOR PROVIDING INSTALLMENT PAYMENT OPTIONS FOR A PAYMENT TRANSACTION

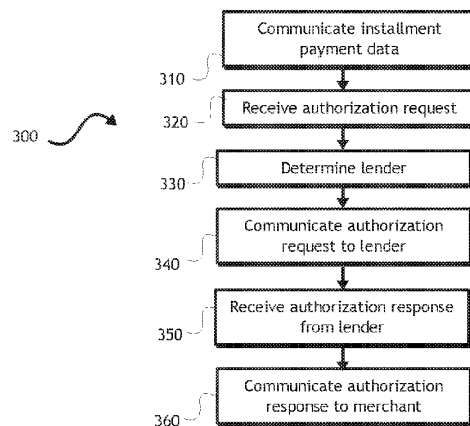

FIG. 3

(57) Abstract: Provided is a method for providing installment payment options for a payment transaction. The method may include communicating, to a customer device, installment payment data associated with a plurality of installment payment options. A first authorization request for a payment transaction with a customer may be received from a merchant system. The first authorization request may include at least one field including first installment payment data associated with a first installment payment option. A first lender system associated with the first installment payment option may be determined. A second authorization request, which may include the first installment payment data, may be communicated to the first lender system. An authorization response may be received from the first lender system indicating approval of the first installment payment option for the payment transaction. The authorization response may be communicated to the merchant system. A system and computer program product are also disclosed.
