(54) Title: DOUBLE SHEET ALUMINUM PANEL AND METHOD FOR MANUFACTURE THEREOF

Fig. 1a

(57) Abstract: The present invention relates to a double sheet aluminum panel (1) and a method for manufacture thereof. The double sheet aluminum panel consists of a first layer (2) of a first aluminum material attached to a second layer (4) of a second aluminum material. The first and second layers are attached to each other by means of an adhesive layer (3) disposed between the first and second layers (2, 4). The inventive double sheet aluminum panel is non-flammable.
