(54) Title: MAGNETIC PIGMENT FOR USE IN THE GAMING INDUSTRY

(57) Abstract: A gaming accessory, gaming currency or gaming table comprising a surface and a magnetic pigment incorporated into the body or surface thereof is disclosed. The pigment is configured to be affected by the introduction of a magnetic field from a source such that the pigment appears to change from the first appearance to a second appearance when the accessory is placed in the vicinity of the magnetic field. The first appearance may be a color, opacity, color effect, pattern or shape and the second appearance may be one or more of a different color, opacity, color effect, pattern or shape.
