[図5]

The diagram illustrates a shopping mall layout. A main passage 160a runs horizontally through the center. To its left is a side passage 162a, and to its right is another side passage 161a. Several pillars, labeled 110c, 110d, 110e, 110f, 110g, and 110h, are positioned around the passages. On the left side of the main passage, there is a shop 103a. On the right side, there is an exit 104b. A person is shown walking in the main passage 160a, and other people are shown walking in the side passages 161a and 162a. A dashed line 50a indicates a specific path or boundary within the main passage.
