(54) Title: OXACARBAZEPINE FILM–COATED TABLETS

(57) Abstract

The invention relates to formulations, e.g. film–coated tablets containing oxacarbazepine and to processes for the production of said formulations. The film–coated tablets have a tablet core comprising a therapeutically effective dose of oxacarbazepine being in a finely ground form having a mean particle size of from 4 to 12 μm (median value), and a hydrophilic permeable outer coating.
