(54) Title: METHOD OF PREPARING AQUEOUS PHASE REFORMING CATALYSTS

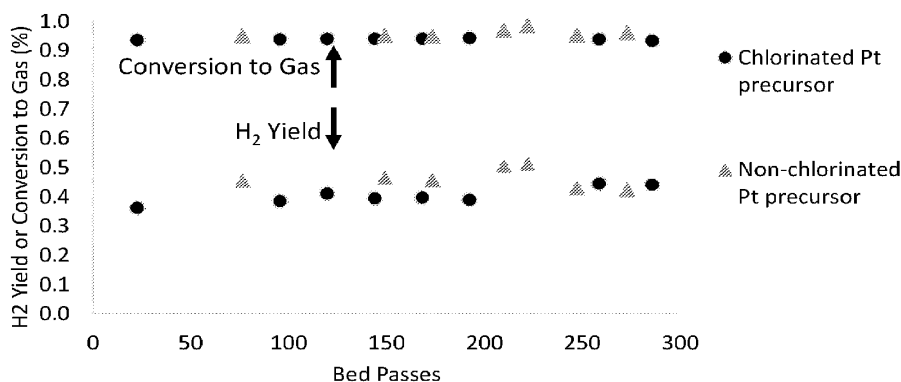

FIG. 1

(57) Abstract: The present disclosure provides an improved method for preparing a carbon supported Pt-Re catalyst (Pt-Re/C) using a soluble non-chlorinated Pt material as a Pt source. The catalysts prepared by the methods described herein can achieve the same level of catalytic capacity as that of the catalysts prepared by the conventional method using chlorinated Pt precursors.
