

ABSTRACT

Provided are a method and apparatus for displaying an online document, an electronic device, and a storage medium. The method for displaying an online document includes, in response to receiving an interactive instruction for a first user through the online document, generating an
5 online document notification message in the instant messaging session list of the first user, where the interactive instruction includes that a second user mentions the first user or that the second user mentions the content published by the first user in the online document; in response to receiving an instruction triggering the online document notification message, acquiring a
10 target link address; and jumping to the target link address in an instant messaging window through a document container and displaying the online document in the instant messaging window, where the document container is integrated into an instant messaging framework.
