(54) Title: METHOD OF INCREASING BONE VOLUME USING NON–NATURALLY–OCCURRING FP SELECTIVE AGONISTS

(57) Abstract

The present invention relates to novel methods of increasing bone volume comprising the administration of a non–naturally–occurring selective FP agonist to a subject in need of such treatment. This invention further relates to a method of treating or preventing bone disorders comprising the administration of a non–naturally–occurring selective FP agonist to a subject in need of such treatment.
